## PROFILE

I am currently a first year university student studying Computer science at Canterbury Christ Church University. I am looking for a job in the computing and programming sector and I feel have the personal skills necessary as my skill set includes good use of time management, leadership skills, communication and organisation skills . I successfully completed multiple coding crash courses for different languages such as Python and Java, also have been coding since secondary school. Im familiar with a few different languages and software while also trying to keep up to date with the newer ones. I am social and very easy to get along with and I am willing to learn any skills or assets that are required for the job. I am hard working, reliable and motivated which help me adapt quickly in different environments.

## EDUCATION & QUALIFICATIONS

Canterbury Christ Church University - Bachelor`s degree BSc (Hons) Computer Science	2023

City Academy Hackney - GCSE Maths: A, Biology: A, English Language: 6, Music: B, English Literature: 5, Physical Education: B, Physics: A*, Geography: A, French: C, ECDL: A*	2017

## WORK EXPERIENCE

### Healthcare assistant | Healthcare Direct

Dec 2019 to Mar 2020

I worked for a healthcare agency that took care of the elderly in care homes. They are a small team based in Ashford.

- Wake up the elderly in the morning
- Get them showered and dressed
- Feed them if necessary
- Clean and complete chores around the care home
- Awarded worker of the month (from 01/02/2020 – 27/02/2020)

### Assistant Coach | Try Time Rugby

Jan 2018 to Jul 2018

- Coaching children between the ages of 2-7
- Setting up the session
- Leading a productive and engaging session for the younger children.

### Receptionist | Wates

Mar 2016 to Jul 2016

Wates is one of the leading privately-owned construction, residential development, and property services businesses in the UK. They have over 3,500 employees and

- Working in a reception area
- Answering calls and taking customer queries
- Organising documents
- Faxing papers
- Using Microsoft Excel to book appointments

## ADDITIONAL INFORMATION

I have successfully completed the Duke Of Edinburgh and received a bronze award. This allowed me to gain skills such as resilience, problem-solving, team-working, communication and drive.

I have completed my ECDL and received an A\*. This helped improve my IT skills and abilities which I can transfer and use in the workplace.

Technical skills

- Experienced in several languages: Python3, JavaScript, HTML, CSS
- Familiar with different Operating Systems: Mac OS, Windows, Linux
- Can use Microsoft Excel effectively ( such as using Functions for data cleaning and manipulation)
- Experience with computer hardware

## INTERESTS

I am very active, every morning I wake up and head to the gym as I feel being fit is very key in life. Going gym not only benefits my fitness but also my mental health, keeping me busy during lockdown. I also enjoy keeping up with the news not only on our world but also technology, keeping myself up to date with the latest tech and coding languages.
